Hello Providers,

Support is always there, but especially, it is so important to be there for each other, to help each other through the challenges we all face. To this end, we are sharing this newsletter with you to keep you informed and up-to-date with the latest information and resources.

Updated Policies and Procedures

It is time to report that Second Wind Fund has recently changed its open hours. We have been very busy in this time that we have been open, and we are grateful for everyone’s patience and understanding as we navigate these changes. We are committed to providing the best possible service to all of our clients, and we are excited to be able to continue to offer our services to you.

2020 Suicide Prevention Summit with Free Registration and CEUs

The 2020 Suicide Prevention Summit (co-hosted by AAS, the Mental Health Academy and AMHA) brings a range of suicide prevention topics, including suicide in schools, assessment models, men’s suicide, and interventions. You will be able to benefit greatly from the summit.

You can learn more and register by clicking here.

New Technology Has Arrived - Action Required!

Over the past couple months, we have been working on technology updates. We have created an online system for your convenience. All training documentation will now be available online, and you will be able to find your specific trainings by logging into your account. Please contact us at help@mentalhealthacademy.net if you have any questions or need help.

SWF Continuing Education Requirement - Action Required!

As a gentle reminder, part of the requirements and expectations of being a SWF Provider is completing a continuing education requirement every two years (matches the licensure requirement). As you complete this requirement, please send in your proof of completion. When we send out the above email request for updated information, you will receive a reminder to please complete your renewal. If you have not yet completed your renewal, please do so as soon as possible.

Payments via ACH - Saying Goodbye to Checks - Action Required!

If you would like to leave paper checks behind and instead take advantage of ACH payments to have the money deposited directly into your account, we will need your account information. We will be asking for that information in the upcoming email request for updated information.

Provider Handbook Coming Soon!

The National Academies Press (NAP) publishes the reports of the National Academies of Sciences, Engineering, and Medicine, which produce more than 200 reports and proceedings each year on a wide range of topics in science, engineering, and medicine.

We will cover a range of suicide prevention topics, including suicide in schools, assessment models, men’s suicide, and interventions.

As we prepare for any potential school transition, Second Wind Fund is ready to go and looking forward to serving any and all youth who may be referred.

Second Wind Fund, Inc.

Second Wind Fund is a 501(c)(3) non-profit organization that has served over 6,000 youth and continues to grow and evolve. As such, we have found it important and necessary to review and update the program and the policies and procedures that govern the program. The hope is that it makes things easier and clearer for everyone. Much of the program will remain similar with some added clarifications, requirements, and expectations.

Second Wind Fund is fortunate to have you all involved with the organization and the youth!

We are committed to providing the best possible service to all of our clients, and we are excited to be able to continue to offer our services to you.

As we prepare for any potential school transition, Second Wind Fund is ready to go and looking forward to serving any and all youth who may be referred. We couldn’t do that without you and we are thankful for all of your support!

Thank you in advance for the help!

With Gratitude,
