Hello Providers!

We have officially reached December, the Winter Solstice, and the holiday season. December 21st at 3:02 am we have the shortest day and the longest night of the year. This also marks the beginning of winter.

Alban Arthan, Welsh for “Light of Winter,” is probably the oldest seasonal festival or celebration in the Druidic traditions. The winter solstice is a time of death and rebirth. It is a time when nature’s powers and our own souls are renewed. The solstice moment is the time when the Old Sun dies (at dusk on the 21st of December) and when the Sun of the New Year is born (at dawn on the 22nd of December).

As we say goodbye to this year and hello to the next, we are excited about the new changes and hope to continue integrating your feedback in the coming year. Thank you to all for your dedication to the youth Second Wind Fund serves.

With Gratitude,
Kimberlee and Mary
