Finding LivingWorks Start Training

The Office of Suicide Prevention is providing our partners across Colorado FREE LivingWorks Start Training. LivingWorks Start is a one-hour, online, interactive training program that gives you the skills and knowledge to keep family, friends, co-workers, and others safe from suicide. For more information about the training, please see this newsletter. We truly want these newsletters to not only be a good way for us to share information with you that you need to know as a Qualified Referral Source for Second Wind Fund, but we also want them to be useful. Please consider sharing your feedback with us about the newsletter or anything else that you think would be helpful for us.

Welcome to March.

Hello Qualified Referral Sources! March is also known as "Women's History Month."

March also brings several other noteworthy holidays:

Saint Patrick's Day on March 17th
International Women's Day on March 8th
Women’s History Month

March 8th is International Women’s Day, a celebration of the social, economic, cultural, and political achievements of women. It provides an opportunity to reflect on the progress made so far, the challenges that remain, and the role that we, as a society, can play in achieving gender equality. The theme for International Women’s Day 2021 is "Choose to Challenge." This year’s date marks the 100th anniversary of the ratification of the 19th Amendment to the United States Constitution, which granted women the right to vote. It is a day to celebrate the contributions of women and girls around the world, and to encourage actions to further gender equality and women’s rights.

Many of you asked for a fillable version the paperwork. They are now here and also accessible online. You can download, print, and complete the form at your leisure. Once completed, you can save it as a PDF and send it to the family. The Authorization and Waiver of Liability for use and the training is available on a first come, first serve basis. Please visit the website for the next availability. Can you send this paperwork to me as a fillable PDF? I would love to have it to send to the family.

The good news keeps coming. Attached to the email you receive from us you will also find checklists for both you and the family. The one for you is to help guide you through the interview process and determine the best course of action for the family. The interview and informed consent will also facilitate better care for the parents who are still trying to understand the situation.
