Stacey Freedenthal, PhD, LCSW

Professor at the University of Denver Graduate School of Social Work.

Stacey Freedenthal is a clinical practice specialist whose research focuses on suicide prevention.

Our Providers below because we have some fantastic opportunities and offerings for you.

We have received such great feedback from these calls! We will be reaching out to you throughout this process for support and to listen to any concerns and feedback.

The organization, with input from trusted SWF community members, has made the decision to require background checks for all of our providers. If you are a new provider who has just been onboarded, then you have likely already submitted yours. For those who have been with the organization for a bit, you will be required to submit a background check before July 2022 in order to continue as a provider. Background checks must cover the sex offender and criminal databases and have been conducted within the last two years. Here is a website that we have found that does a good job for low cost and quick results:

https://www.goodhire.com/personal-background-checks/

For the past few months, we have been sending out the SWF Provider Information. This form is important because we need to have all your information up-to-date so that we can accurately route referrals and ensure your availability, then we won't refer youth to you until you are ready for new clients, which helps us make sure to get support faster because they are not hearing that someone doesn't have liability insurance.

For the past two years. Here is a website that we have found that does a good job for low cost and quick results.

We need to sign and return electronically. Super easy!

We have renewed as part of the requirements of being a provider. We also need you to submit your relevant continuing education for the past two years, if you have not already done so.

For the past two years. Here is a website that we have found that does a good job for low cost and quick results.

For the past two years. Here is a website that we have found that does a good job for low cost and quick results.

We are sure that you all have noticed Second Wind Fund has been taking several steps to expand, and works towards becoming a more equitable organization, we want to thank you for your help!

We are halfway through the year! The sun is high in the sky and the extended sunlight gives us more time to be outside. Summer vacation is in full swing and we are finding ways to connect with each other after many months of not being able to.

Rather than provide you with a bunch of information this month, please enjoy a shortened newsletter with very specific updates, requests, and offerings. We will pick up the normal newsletter format next month.

In this Hot line of your updates and offerings for you.

If you plan to attend, please register here.

**Remembering the Power of Play!**

Kids, as we know, learn by playing! Playing can be so powerful, even for teens and adults. Here is an article, with ideas and techniques, to stimulate your creative juices about how you might be able to use play to support some of your clients.

**CAMS Training through the State Suicide Prevention Office**

In light of COVID-19, the Office of Suicide Prevention has moved all CAMS trainings to CAMS Training through the State Suicide Prevention Office.

**2021 Suicide Prevention Summit**

As we endeavor to save valuable lives, we look forward to seeing you at the online 2021 Suicide Prevention Summit. Your role is taking the time to learn and apply. We see our role as bringing global best-practice education to practitioners – for free. One of the most powerful resources we have to reduce suicide is our frontline mental health workforce. We believe that by providing mental health practitioners with global best-practice knowhow and skills, we can tangibly reduce suicide rates in North America, and beyond.

**Motivational Interviewing Training by NorthStar Training Institute**

Motivational interviewing (MI) is a client-centered collaborative conversation designed to strengthen a person's motivation and commitment for change. MI is counselor centered collaborative style of conversation designed to strengthen a person's motivation and commitment for change. We Need More Providers!

We need your help! Second Wind Fund is seeking more providers to join our network in Colorado. As you all are aware, the need for mental health providers right now is high. If you know of any licensed mental health providers who would be interested in becoming part of the Second Wind Fund network, please have them reach out to:

Mary Houlihan
mhoulihan@thesecondwindfund.org

If you ever are not sure who to reach out for support, please email:
program@thesecondwindfund.org

Get to Know the Second Wind Fund Staff

SWF staff continues to be here for you! We welcome any thoughts, questions, and concerns.

The question this month: If you could be a summer fruit, what summer fruit would you be and why?

Chris Weiss - Executive Director
"I would be a Papaya. During my time in the Peace Corps in Belize, I had plenty of Papaya. So good!"

Kimberlee Bow - Program Director
"Hands down a watermelon. I love being in water and a watermelon has plenty of that."

Mandy McKnight - Controller/Director of Operations
"I would want to be a lemon because I love warmer climates and being near the ocean. If I was a really lucky lemon, I would live on a lemon tree on the Amalfi Coast in Italy amongst the best lemons in the world!"

Mary Houlihan - Provider Engagement Manager
"I would be a pomegranate! I love the tartness and texture."

Elyse Baumgardner - Referral Specialist
"If I was a summer fruit I would be a pineapple because they are grown in beautiful, tropical places!"
